

Wonderful opportunity to be a part of a large multidisciplinary private practice that has enjoyed a longstanding exemplary reputation in the community and maintains a robust referral base here in Huntsville Alabama. We need committed psychotherapists to treat our oversupply of a broad range of newly referred clients. Each practitioner is expected to see a broad range of types of clients for evaluation and therapy. Must be trained or willing to be trained EMDR and be open to learning new skills (through onsite CEU training). You will also have the opportunity to develop your own special interests, and to offer one or more specialty services in your own practice. Must be licensed, or license eligible in the state of Alabama. Please contact us at (256) 534-8161.

Respectfully,
