School: University of South Alabama

Date: May 2026

The table presents the numbers of examinations administered to candidates who indicated that they attended the college or university listed above. Figures indicate the percentage of first-time, repeat, and total test-takers who passed the indicated exam categories during the year 2025, along with corresponding pass rates at the jurisdiction and United States/Canada levels for comparison purposes. The jurisdiction-level pass rate shown here refers to the pass rate for the jurisdiction in which the listed school or university is located, calculated across all test-takers who attended a school in that jurisdiction. Note that the jurisdiction pass rate listed elsewhere may differ because it may reflect the jurisdiction that approved the candidate to sit for the exam rather than the jurisdiction where the school is located. Also note that test-takers who are unsuccessful may repeat the examination more than once.
